Annual Meeting

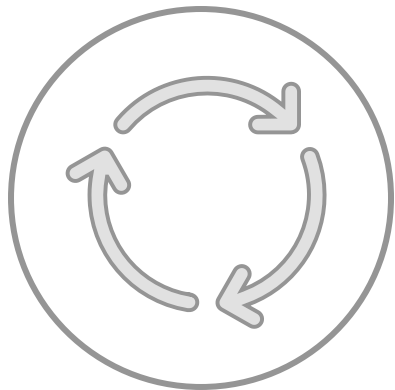

Proteus in Context

2020

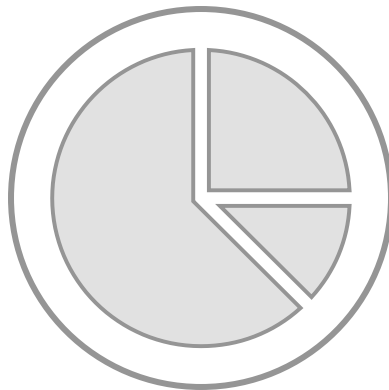

# System-wide transformations

Corli Pretorius, Deputy Director, UNEP-WCMC

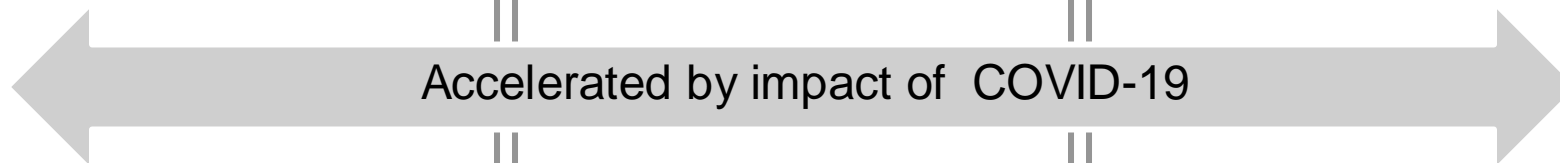

**Circularity**

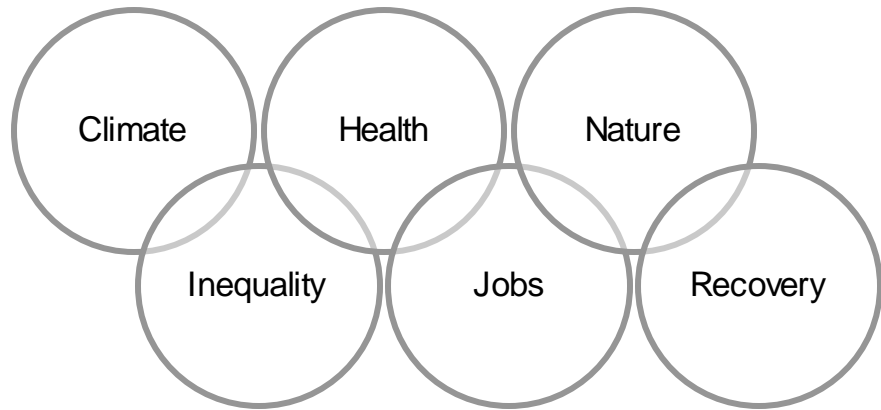

**Divestments**

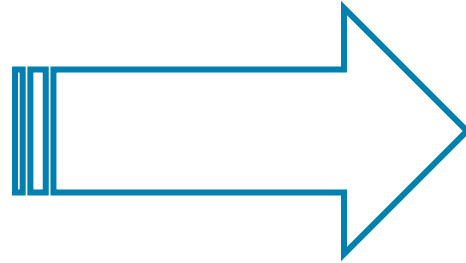

**Digital  
transformation**

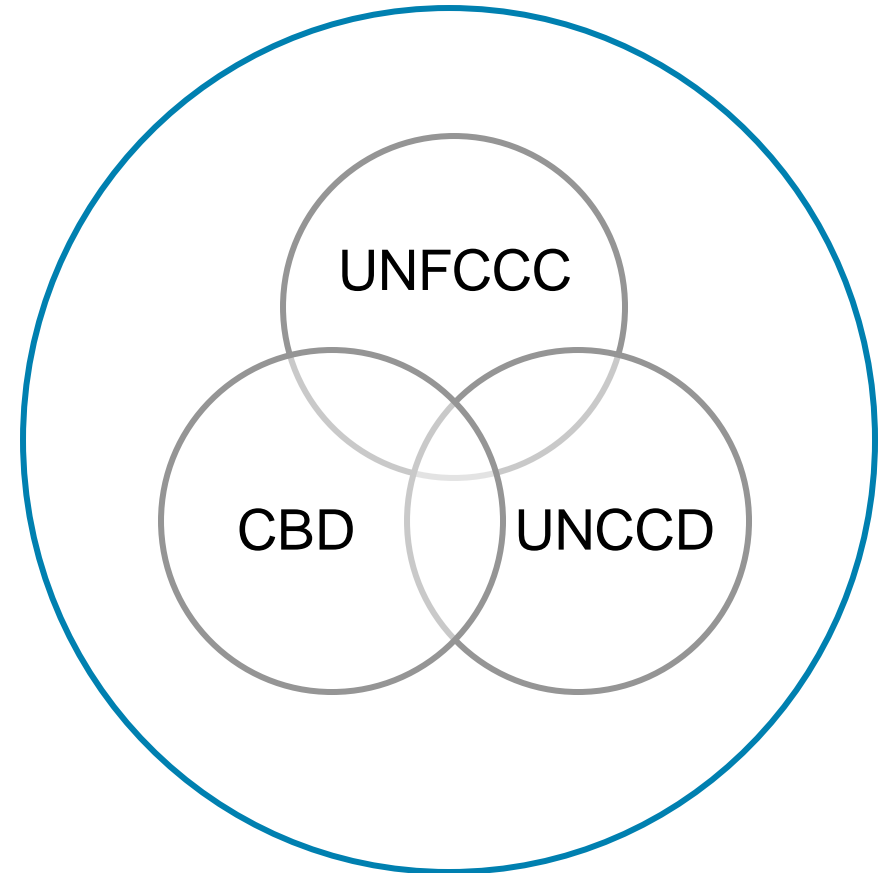

Accelerated by impact of COVID-19

Complexity and Uncertainty

Decade of Action on the SDGs

What are the odds?

# STRATEGIC RISKS

- Changing financial flows
- Growing intolerance for perceived anti-social behaviour (ESG, climate)
- Implications of regional green policies (EU Green Deal, Biodiversity Strategy)
- A focus to strengthen trust in minerals sector
  - Accountability
  - Reporting

A photograph of a dense tropical forest. The scene is filled with tall, slender trees and large, fan-shaped palm-like plants. The lighting is dappled, with sunlight filtering through the thick canopy, creating a mix of bright highlights and deep shadows. The overall color palette is dominated by various shades of green, from vibrant lime to dark forest greens, with brown tones from the tree trunks and branches.

Act now

# PROBABLE PATHWAYS

- Global Biodiversity Framework
- UNEA's Mineral Resource Governance resolution
- UN Roundtable on Extractives
- Towards a Task-force on Nature-related Financial Disclosure (TNFD)
- Traction on transitions (WEF / GBO-5)
- Net-zero ambitions

WANTED

*Long-term transition plans  
with demonstrable short-term progress*

Working together
