Day 2-5	https://zoom.us/j/96493490455?pwd=T3B3T1o2VWISRWo4S0o1RFNLMVV4QT09 Meeting ID: 964 9349 0455 Passcode: 825683	[Open Session]

Introduction

This year's Proteus Annual Meeting will be the last in the current phase (2016-2020) of the Partnership, and will be held remotely due to the ongoing Covid-19 pandemic. The meeting provides an opportunity to review the achievements of Proteus over the last five years, as well discuss current biodiversity topics and the emerging (yet somewhat postponed) policy horizon. After several months of the devastating impacts of the Covid-19 pandemic, there is a lot to consider as we look forward to the next phase of the Partnership. Great uncertainty still exists about the magnitude and duration of the pandemic, and what the economic consequences will be. We hope this year's annual meeting will be an opportunity both to reflect and to look to the future during these challenging times.

Objectives

- To agree the Proteus strategy for 2021-2025.
- To take stock of the Partnership's progress to date, and review its achievements over the last five years.
- To explore the impact of Proteus and determine, with Partners, how that impact can be enhanced and the membership of Proteus broadened in the next phase.
- To share information on post-Covid recovery plans and priorities.
- To highlight and discuss emerging issues and trends in biodiversity conservation, science and policy of strategic relevance to Proteus members.

Pre-read

- Proteus 2021 - 2025 Strategy
- Technical Briefing Note: Natural and Modified Habitat (available [here](#))

Monday 21st September 2020

Proteus Annual Meeting Day 1

Time	Activity/Presentation	Speaker
