

Proteus Workplan 2015

Objective 1:

To improve significantly the accuracy, completeness and currency of information in the World Database on Protected Areas (WDPA), focusing on data verification, quality assurance and enhancements in interoperability.

Result 1.1: Gather best available data

1.1.1: Liaison with data providers

Result 1.2: Manage and maintain WDPA

1.2.1: Maintain and update the WDPA

1.2.2: Management of the WDPA

Result 1.3: Deliver WDPA to partners

1.3.1: Deliver database to Partners and end users

1.3.2: Deliver infrastructure to access WDPA

Objective 2:

To support integrated knowledge products that provide access to information on sites of global importance for biodiversity and increasingly feature sites that are considered national priorities.

Result 2.1: Further development of the IBAT partnership and tool

2.1.1: Access to the Integrated Biodiversity Assessment Tool (IBAT)

Result 2.2: Proteus Partner technical assistance and training

2.2.1: Provide technical assistance (20hrs/annum/company)

Result 2.3: Interpretation and Analysis

- 2.3.1: Update Biodiversity A-Z, create A-Z of Countries
- 2.3.2: Provide information on protected areas
- 2.3.3: Provide data interpretation

Objective 3:

To compile globally consistent, comprehensive and validated datasets for important coastal and marine ecosystems, and develop a business-relevant baseline of biodiversity priorities in the marine realm.

Result 3.1: Update marine and coastal datasets

- 3.1.1: WDPA data improvement
- 3.1.2: Develop and improve existing marine data holdings
- 3.1.3: Negotiate access to new datasets of relevance to Proteus

Result 3.2: Improve coastal and marine data provision and tool functionality

- 3.2.1: Data management and update data layers in Ocean Data Viewer
- 3.2.2: Marine and coastal data for screening processes

Objective 4:

To share context and insights into the latest trends and developments in biodiversity and ecosystem policy, initiatives, data and tools of importance to business.

Result 4.1: Brief partners on the Global Biodiversity Agenda

- 4.1.1: Provide briefing and insight to Partners on the Global Biodiversity Agenda
