

The WDPA and WD-OECM in Numbers

Total number of records for national-level sites and those designated under regional and international conventions and agreements in the WDPA and WD-OECM, Aug 2025

Size is proportional to number of protected and conserved areas in each category based on the Aug 2025 release of the World Database on Protected Areas (WDPA) and World Database on Other Effective Area-Based Conservation Measures (WD-OECM).

428 records in the WDPA and WD-OECM are established through non-legal means
